I am opposed to the purchase of the EJ&E by CN.
The noise and air pollution alone are negative impacts on our community. Delays at railroad crossings are already lengthy - most trains are at a 100-car-count now. Going from 16 to 42 trains a day means more lengthy and more numerous crossing delays. With an average of 42 trains per day our community could come to a virtual stand-still - emergency services will be very heavily impacted to say nothing of time delays simply going about our daily routines or business, school and social activities.

Thank you - but, please - leave us alone !!!
