Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Date: 8-27-08

I own two commercial properties in Barrington. The increased congestion from the trains will directly impact my business. My one commercial property will lose customers. At my second commercial property, I will lose tenants who will move their offices to other towns that are not impacted by CN trains.
