I have lived in Barrington for 30 years and have watched the traffic get more congested and more congested. I feel they should have widened Port 59 (Hough St.) to four lanes. The traffic gets worse every year. If the train traffic is increased it will be a disaster. Also the noise will be unbearable for the people who live in town. No one will want to live here and our property values will decrease. It will take too long for the children to get to school. It will take too long for the ambulances to get to the Hospital, too long to go anywhere. Please don't do it.
