Message:

Please consider rejecting the Canandian National Railway proposed acquisition of the EJ & E Railroad. My children and thousands of others in District 204 could be at risk for several reasons. The ones of biggest concern for me are the increased rail traffic that could lead to accidents and facilities, especially since 9 of the 14 Railway crossings in our district are at grade level schools. I am also concerned as a nurse that any emergency medical vehicles attempting to get to these schools could be delayed and I know that minutes, even seconds count when medical care is needed. These are a couple of the many reasons I oppose this acquisition and hope you consider this in your decicion.
