Environmental Impact Statement

CN | EJ&E

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 27 Aug 2008

Comments must be submitted by September 30, 2008.

Traffic flow through Barrington has
long been a concern to all area
residents.

Alternate routes are not available

Only Rte 59 has been identified
in the Draft EIS. It is clear
that freight traffic will simultaneously
block Main (Lake Cook Rd) and Northwest
Highway (Rte 14) resulting in catastrophic
congestion that will last long after
the grade crossings are cleared.

Without assurance of massive mitigation
at these crossings this should not
be even considered.

We see no other community as
affected. All routes closed at
once.

Additional Traffic on this line must not
occur.

YOUR INPUT IS IMPORTANT!
