Re: Small Shipper Representation on Council

It is CSX's pleasure to recommend Elliot Pomeranz, Vice President of Rail Operations for Synagro's Environmental Protection & Improvement Company, LLC (EPIC) for a Small Shipper member position on the Railroad Shipper Transportation Advisory Council (RSTAC).

CSX is proud to work with Synagro's Environmental Protection & Improvement Company, LLC (EPIC) to address the needs and challenges facing small and mid-sized rail shippers. Through regular engagement, EPIC has demonstrated a constructive, well-informed and integrated approach to rail transportation, contributing to productive dialogue and practical solutions.

A notable example of this collaboration is their recent work in Miami, FL where EPIC & CSX partnered to convert the movement of municipal sludge from truck to rail, reducing truck traffic on local roadways while improving efficiency and environmental outcomes.

Elliot Pomeranz brings a strong understanding of rail shipper issues and a balanced, collaborative perspective. His experience would make him a valuable contributor to RSTAC and to the Surface Transportation Board's work.

CSX endorses Elliot Pomeranz's nomination and believes he will serve effectively as a Small Shipper representative.

Sincerely,
