FD 36210-0 In Vermont Railway

Dear Ms. Brown:

In the STB decision of September 14, 2018, the STB issued a NITU to the City of Bennington, Vermont. The verbiage in this decision says the rail line was for discontinued service. If this is a discontinuance, then no NITU or Public Use Condition can be employed as per long time STB precedence.

NARPO would like the STB to clarify exactly what Vermont Railway was asking for in their original petition; abandonment or discontinued service and can the STB issue a NITU for discontinued service when in many previous discontinuances the STB says they cannot issue NITUs or a Public Use Condition?

Thank you.

Richard Welsh--NARPO
