Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

I am definitely against CN's increase of freight trains that will run through our area. As a citizen of the Barrington community it will affect us in quite a few areas, the noise, the overall physical environment, economic impact, and homeowner and business as well. And as a School Bus Driver the conjection would be unparable. So please, examine this proposed transaction to determine if alternatives can be found that allows CN to achieve its business goals while not adversely impacting communities.
