

080211 Uhrik

Hi, my name is Angela Uhrik. My address is 986 Commonwealth Court in Barrington IL, 60010. I have some comments about this. First of all, my family moved to Barrington almost 4 years ago for many reasons. All of those which are going to be greatly affected if this is going to be continued . . . the railway that is. We moved to Barrington for safe community, where kids could walk around and enjoy the community, adults could walk around, low level of noise and high level of safety for the children, they can walk to schools/parks. All of that is going to be greatly affected. We had a beautiful park, Citizen's Park built at the end of our subdivision in the last year that all of the children were just dying to use. Now that safety for them to walk down that is greatly affected if this is to take action. And there's so many other places around the community. Except for the more traffic around town, it's going to affect businesses, commutes and people will be stuck constantly. The flow of traffic will be awful through the community for the more . . . the safety, the pollution it's going to cause. It's going to be a terrible thing for our community, for our citizens. There are so many reasons. I could keep going on as to how this will greatly affect our community and we would really like to preserve Barrington the way it is and I don't think that is possible with this in action. If you have any questions, you know our address but I really, really would like to urge that this should not go through. It's a terrible, terrible thing for the town of Barrington. And I think the people and citizens should come before this. Thank you.
