[Show Details](#)

Mr. Adams, I am writing on behalf of the Northwest Tennessee Regional Port Authority's proposed construction of a 5 mile long rail line to serve its port facility. As I am sure you know, compliance with environmental permitting requirements of NEPA is a necessary part of this process. The Port selected your firm to handle this work as the third party environmental consultant for the Surface Transportation Board's Office of Environmental Assessment and the OEA advised by the attached letter that it has approved ENSAFE's selection. Accordingly, please complete and email back to me the attached Disclosure Statement that is the second page of the OEA attachment. As John Lannom may have told you, I will be the attorney representing the Port on this project.

Please note our new address effective 12/09/2013
