Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8.27.08

Comments must be submitted by September 30, 2008.

I bought an existing Office Building
for \$2,000,000 located directly on the EJ&E by
Citrus Park at 777 Lake Zurich. This was
purchased one 2 years ago. I got approval for
substantial improvements to the building. Our improvement
costs to date are \$1,000,000 for a total of \$3,000,000.

This was intended to attract business owners to
Barrington. With this increase of train traffic
no one will sign a lease due to the impact
on their business. This will effect every
employer in town. If this goes through I
believe all will leave town and Barrington will
become a place for freight yards & the like. Not a thriving
community.
