Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Environmental Impact Statement

Date: 8/26/08

With all the shenanigans going on in government today, I find myself again dismayed at yet another attempt by big business to kick aside the common man in search of profits & stock price. What ever happened to "We the people"? We the people are looking at you the STB. Stop this acquisition for the betterment of all the affected Communities.

If you must approve this then, then do so with the absolute Commitment that CN and not the people pay for ALL the mitigation required. The money doesn't exist in any municipal government coffers. This benefits only CN. Let them pay for it. The successful posture of moving towns east to west. Moving the problem from 1 Community to another is no solution. CN must be the one to shoulder the burden, not the people
