Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

As a parent in the Barrington School district, and a teacher in the same district I am opposed to the increase of freight traffic in our town. Clearly, it will stop traffic, in an already over-congested town. This is a safety concern, first of all. We already have issues with emergency vehicles not being able to cross intersections at Lake Cook Rd, Rte 59 or Rte 14. To increase this delay would be potentially tragic in a medical or auto emergency.

Secondly, I am concerned for the negative impact on school buses and school schedules.

Environmental impact, safety, of increased freight traffic, a town brought to a halt due to immense congestion ... these are just the beginning of the negative implications this CN acquisition will have.

YOUR INPUT IS IMPORTANT!
