I, as well as my family, am very much against the proposed acquisition of the E J & E Railway Company. We believe the increased rail traffic poses a dangerous situation for our young people, mostly the high schoolers, who will be tempted to cross the tracks just to get to school if a train is on its way. It will hold up school traffic, business traffic, & create tremendous delays & congestion. We are concerned about emergency vehicles being able to get from one point of Barrington to another.

We love living in Barrington & are proud of our community. This will significantly decrease our property values as no one will want to buy in a town where 20 freight trains go through per day making it impossible to get around in a timely fashion.

Please do not allow this to go through. The safety of our children is #1 & I fear for those that will cross the tracks just to get to school. Our community will be disrupted & many inconvenienced.

Thank you for your consideration.
