How will CN's proposed acquisition of the EJ&E impact you?

It will have a great impact on my family & my community and surrounding communities as well!

The concerns are numerous,

1. Safety - within our community

2. Access for emergency vehicles

3. Schools

4. School buses

5. Shopping - mainly food shopping, there trains will hold up the flow of traffic, in order for us to shop for groceries we have to cross these tracks.

6. All medical buildings for doctors appointments emergency treatment etc. are at the mercy of trains and the time it will take for them to pass.

7. Hospitals

8. Value of our homes

9. You will destroy beautiful communities

to raise our children in

10. Danger of Hazardous Material

Signed
