

Always do your best! ☺

To: Phillis Johnson-Ball,

This letter is coming to you from a Mom of two beautiful children, who have the opportunity to grow-up and attend schools in a quiet, safe, beautiful little town. As you review the sale of the Canadian National Railroad please consider the safety and welfare of our children. Getting our children to school will require 28 buses at 6 crossings eight times per day. Will the kids get to school on time? When will they get home? Most important, how will emergency vehicles get to our schools if the train traffic in Frankfort increases by 400%? Do you honestly believe that the Canadian Railroad cares about any of this?

My Family came to the U.S. from Italy to persue their "American Dream". In our beautiful little town I thought I was living my "American Dream", and giving my kids their own dream. Please don't let a foriegn railroad take all this away. Our country is filled with intelligent, creative people, we can find another way to route this railroad.

Right now we need you to help us say NO to this sale.

Respectfully Submitted,

James J. Pomeroy
Frankfort, Ill.
