

Environmental Impact Statement

STB Finance Docket No. 35087

Comments must be submitted by September 30, 2008.

There are so many schools that would be challenged by learning having to hear trains this frequently. Business gets affected as no one will feel like dealing with traffic to buy locally with given delays; frustration to pass will lead to daring track crossers to get through to avoid the absolute delays to come. And we already have a financial crisis in home sales which led to IL depreciation of homes at 17% to 20% today. Who would choose to buy in an area honestly & truly, if you know noise factor & congestion will be or has every potential to be this.

YOUR INPUT IS IMPORTANT! Significant. Enterprise expansions in the other
