Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

CN | EJ&E

Environmental Impact Statement

Date: 8-27-08

Comments must be submitted by September 30, 2008.

with children attending Barrington High School, the nearest hospital is past the EJ+E railroad tracks. Already, there is possible delay due to current Metra traffic + EJ+E traffic. If CN purchases EJ+E, not only is my daughter affected at the high school, but also the other 2100 students if they are in an emergency situation (also the many staff employed)

With so many students attending the High School, which is located next to the tracks, the risks are just too great. Students trying to get to school in a hurry, will no doubt try to beat the trains.

Our home is located across the tracks from the High School. to reach the High School in the morning, at present, it takes 20 minutes to travel ~3 miles - if there is a freight train, the time increases to 30 minutes. Cuba township is basically comprised of 2 lane Roads (except for Route 14) Not only will this impact Barrington, but ALL communities which surround the area.

YOUR INPUT IS IMPORTANT!

Name: LORI WATKINS

Address: 27470 W CUBA RD
