Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Increasing the flow of trains ~~with~~ through Barrington would be disastrous. The potential for injury & death would increase. The wrong message. I purchase a $1M+ home in Barrington because of the small community & style of living. Allowing this company to increase train traffic would destroy Barrington economy. I personally would move. I don't think the DOT is with any of its mind.
