# Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8/27/08

We are all very concerned at the faulty research in the report.

- Failure to consider tax impact
- Noise increase not considered
- Vibration increase not mentioned
- Quiet zone loss
- Hazmat transport not mentioned
- Failure to consider Metro and UP traffic
- Failure to incorporate CN statements in its releases to Wall Street and to its customers.
