Transcript:

We'd like to submit our displeasure of this acquisition by the Canadian National Railroad. It's gonna do nothing but hinder everybody around this community. We feel that the dangers that are gonna be around for the children going to and from schools and the amount of trains that come through and the lengths of the trains that come through, we will not be able to get from one place to another. So, please, accept our displeasure with this here acquisition of the railroad. Thank you very much
