Message:

I am emailing in response to STB finance docket #35087. My Subdivision is less than 1/2 mile away from this proposal. It will greatly increase not only the traffic of trains going past. It will also effect the noise level and the car traffic (we already have a major problem with that). We do not have an overpass or underpass at the proposed site and I am very worried about the safety of children that live close by. Our subdivision is full of children under the age of ten. Please consider my plea for not having this train line near our homes.
