Docket # FD 35452

Dear Sir,

Please change GLBT's proposed rail through Rock County WI to another site. We cannot continue to ruin very fertile farmland with so-called progress. It is wrong to cut up the farms in its wake. The farmers should not have their fields cut through, their livestock subjected to the noise and vibration of trains.

Just before the train is supposed to cross Hwy 59 in Rock Co. WI there is a new dairy operation. The barn was built about three years ago and the house just last year. The train route is just yards away from the barn then crosses the Hwy and tears up more farmland when it goes onto the Wisconsin rail lines.

Thank you

 that says
