Dear Mr. Navecky:

I would like to express my concerns over the proposed Great Lakes Basin Transportation, LLC rail line project. Docket # 35952. I oppose the project and ask the Surface Transportation Board to deny the proposal. My concerns are:

I have (4 farms) in the Great Lakes Basin Rail Line EIS
Route (Public involvement). I've been TO 3 area meetings
in Grundy co - Ill. I have not been Personally
Contacted yet at all about my farms from any one -

I attended a meeting Monday at Morris High School
May 2-2016 Ill

Grundy with Frank Patten there for a 1 hour Question
& Answer Period. How can all the questions be answered in 1 hour?
It was not a good information meeting
at All. He denied most of The questions with no informational
answer - Denys ruining our farming community - and left
with not a good feeling. We needed questions answered
we got none - A waste of time to attend.
