RE: CN Railway Company/EJ&E, STB Finance Docket No. 35087

Dear Secretary Quinlan:

Being late for work is not a good habit to get into. It is especially a problem, though, when there is little you can do about it. Due to the frequent blocking of 71st Street in Bridgeview by idle freight trains, I frequently find myself waiting in my car for anywhere from 10 to 30 minutes at a time before the train moves. It is clear that my boss is not always sympathetic to my blaming the freight trains for my tardiness, but I have little choice in the matter.

CN has plans to move a lot of the current train traffic that goes through my community of Bridgeview to a portion of the EJ&E line, an area through which freight trains could travel with fewer stops. This plan would help me and my fellow residents and commuters a great deal. Its execution requires CN being allowed to purchase this part of the EJ&E line. For the good of this community and the economy, I urge you to endorse this transaction. Thank you very much for your attention.

Regards,

Patricia Nutile
