

080213.Lagowski

Nancy Lagowski. My address is 845 Churchill Court, Barrington, IL, 60010. This is regarding the STB docket 35087. I'm leaving this message, I had sent a letter regarding this acquisition, I'm not totally against this acquisition, I understand progress has to be made and you need to try and avoid the city of Chicago. But what I did state was that they need to build an overpass and now today they are saying in the Tribune, the CN railroad, that they do need to build 4 to 5 overpasses but the federal government has to pay for it, and that I adamantly oppose. Our government should not have to pay anything if this railway system wants to buy this line and make tons of dollars in profit. If they want to buy the line, they can buy the line but they need to put these overpasses in, especially in Barrington where this cuts through numerous places; and we are on the other side of the fire and the police department so anything happens and a train is coming by, we could have burned to death or died because no one can get to help us, so if the acquisition goes through, they must build overpasses and they must pay for them themselves. Not the federal government and not my tax dollars. Thank you very much.
