This is John Herman. I live in Plainfield, IL at 25008 Wright Lane. Phone number is 1-815-254-8590 and I want to speak out about the acquisition and what they're trying to do is to alleviate Chicago's problem. They're trying to give those problems to western suburbs. And it's, I'm living in Plainfield. There is no overpass for the G&E railroad between Route 59 and Plainfield and Makoy and Aurora and that's a distance of about 10 miles. And also, in Joliet they just opened up a new train yard for piggy-back trains and there's more and more of those trains going through and I'm sure there's going to be more and more in the future. So you add that to the Canadian Railroad pushing their trains through here and it's going to just cut us off from everything. And this is not to help people in the western suburbs, it's just to use them to get around their problems so that Canada can make more money and we're going to suffer. So I hope you people think a little bit before you vote on this and check everything out. Thank you.
