Commissioner,

Attached is the information that we have available. This is a count from 2017. There is likely other information available thru UDOT for US-6 and US-191 on either end of Emma Park Road/ Kyune Pass Road. Let me know if you need anything else.

Thanks,

Richard

Hi William,

I am assisting with the traffic delay and safety analysis for the proposed Uinta Basin Railway EIS. I am reaching out to see if you have annual average daily traffic (AADT) data available for county roads within Utah County. If this information is available, can we please request it?

Let me know if you have any questions, or need more information.

Thanks!
Merin
