Ref: Canadian National Railroad Protest

Dear Sir

As residences of New Lenox we are writing to protest the Canadian National Railroad and the increase of approximately 6 trains a day to 28 trains a day. This would make it impossible to get to the other side of town. Not only for us but for emergency vehicles. Noise from the trains would be constant. The hazardous materials would also increase. We are concerned all of these trains would have a terrible impact on our community.

We are protesting the Canadian National Railroad, as concerned New Lenox residents.

Respectfully,

Tom Dennison/Amber Dennison
