Group/Affiliation: Iron Horse Logistics Group

I am applying for the open vacancy for a small shipper on RSTAC. My bio is available on LinkedIn at [www.linkedin.com/in/dennisewilmot](http://www.linkedin.com/in/dennisewilmot).

This August I will have 45 years in the railroad industry. I worked for 2 shortlines in Cleveland, OH, for 11 years, 16 years for private corporations managing all areas of rail transportation, and for the past 17 years have had my own company focused primarily on rail transportation. I have been active in various organization on committees and the Board of Directors including NITL, Institute of Scrap Recycling, and NEARS where I am currently 1st VP.

I can provide more as needed but was unsure what was required and how to submit it. I look forward to consideration for this opportunity to serve.

Regards,

Dennis Wilmot
