I am concerned that the additional freight train traffic in the Barrington area will negatively impact the quality of life which attracted us and many others to the area originally. The traffic disruption, noise, safety and air quality are all of concern. But the traffic is of utmost concern. The Barrington area already suffers from congestion, especially during am/pm commute times. The additional train traffic would worsen.

I am concerned about negative impact on property values and quality of community lifestyle.

Please do not support CN's acquisition plans!
