Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 9/12/08

Comments must be submitted by September 30, 2008.

As a resident of New Lenox I oppose
CN's proposal to increase the number of
trains running through my community.
Keep it in Cook County.

My concerns are that it will have a
serious impact:
danger to our children crossing the
tracks on their way to and from
school along with increased air
pollution and noise.

The quality of life will be directly
affected in a negative way.

As tax payers we do not need the
added burden of paying for
infrastructure improvements in
an already straitened economy. CN should
pay the entire costs not the tax payers.
The values of our homes will deflate.
No one will care to purchase in
our community because of these
extra trains. It will cause many long
delays for emergency vehicles to get
through to save lives & prevent crimes as well.

YOUR INPUT IS IMPORTANT!
