As senior citizens & grandparents we are very concerned about the added noise level, quality of life, environmental issues (hazardous waste) & increase in car traffic @ crossings the addition of these trains will bring. At the present we have at least 15 trains per day, not to mention the trains during the night. We cannot even open our windows @ night because the blaring horns @ 2 & 3am would make sleeping impossible. The purchase of EJ&E would quadruple the noise. There are a lot of senior citizens now in this area & it is sad to think that we cannot enjoy our retirement house & senior years if this purchase is allowed to go through. Come & sit in my back yard on a nice summer evening & try to have a conversation with the trains blaring as they go by. There are also a lot of young families w/ small children who will be exposed to the increase of hazardous materials & gas fumes from idling engines & autos. We also have The Homestead School not too far from the tracks. Please, please we ask that you re-consider this purchase.
