Subject Sale of EJ&E Railroad to CN Railroad

To whom it may concern -

I am opposed to the sale of the EJ&E Railroad to CN Railroad. I currently take the Metra railroad (Heritage Corridor line, which originates in Joliet, IL). If this new railroad gets approval, the current trains will be later -- delayed by additional train traffic, which happens all too frequently now. Many commuters have talked about driving, if this new train becomes a reality. More drivers equals more pollution, accidents, etc. I believe the impact of this new train would be more negative than positive. I only way I would support such a line is if it only operates during non-rush hours (i.e. 10 a.m. - 3 p.m. and after 7 p.m.). My current train commute is 1-1/2 hours each way, door to door. If the train suffers additional delays because of the additional train traffic, I will be one of those additional drivers on the road. Please do what you can to stop this plan from being implemented. I can be reached, during the day, at 312/353-5332.
