PERRY COUNTY RAILROAD, LLC

SECOND SUPPLEMENTARY FILING re: EXEMPTION

At the present time the private rail operation on the property is served by Norfolk Southern. and such service will continue as NS has entered into a seven year service agreement with Arrowhead Environmental Partners, a major customer to be serviced via PCR on this site. The applicant intends to negotiate an interchange agreement when it begins to attract business from patrons not already receiving service on the property. The rail lines on the property have access only to Norfolk Southern and are receiving traffic over well-established multi carrier routes. Restrictive interchange agreements would be inconsistent with both the existing and contemplated operations.
