

PETITION

Re: The proposed purchase of the EJ&E Railroad by the Canadian National Railroad.

We, the undersigned, residents of the Briar Cove Subdivision in Schererville, Indiana, have the following concerns. Our concerns are not limited to these alone.

1. Increased train traffic, resulting in increased noise, ground vibration, and potential effects on residences (i.e. cracked walls, cracked foundations, etc.).
2. Increased loads of hazardous material.
3. Effects on emergency responders.
4. If purchase should be denied, will the CN Railroad be allowed to increase traffic via use of the EJ&E tracks?
