ENVIRONMENTAL FILING

STB Finance Docket: 35087

A personal note...

8/31/08

My husband & I live in Moline.
We hear the trains at night
already. But DO NOT let CN
TAKE over. For our children's sake
& quality of living. DO NOT
sell out to CN for any reason.
The plan is not right
Commerce will sacrifice more
than just our lives - & quality
but safety & the future of our
community. Thank you
