Concerning STB Finance Docket # 35087

I am against any more train traffic through Barrington we are already a traffic nightmare during certain times of each day. Both of our major roads through town are cut off by trains.

With Good Shepherd Hospital on one side of tracks & myself & others on the other side, I having a chance of being delayed by a train has a real possibility.

The traffic back up in town will be further difficult to deal with. They are already at the point of gridlock!

Who ever is making this decision - please place yourself in my situation in this town & decide for yourself if this is something you would like to have happening to your quality of life in Barrington.

Thank you for your giving me an opportunity to express my feelings.
