Message: I am writing to firmly oppose the Canadian National Railway's acquisition of the EJ & E line. I feel the benefits far outweigh the costs to our area. I do not want the increased risk to school children that such a vast increase in train activity will cause. I do not want increased health and safety risks to all citizens from pollution and increased railroad dangers. I do not want hazardous materials transported more frequently through this area further increasing the likelihood of health issues. Please listen to the voters and residents who will be impacted by this sale. Thank you!
