

SERVICE DATE — DECEMBER 6, 2022

SURFACE TRANSPORTATION BOARD

DECISION

Docket No. MCF 21102

WEDRIVEU, INC.—ACQUISITION OF CONTROL—
TRANSACTION CORPORATE SHUTTLE, INC.

Digest:¹ The Board approves WeDriveU, Inc.’s request to dismiss its application to acquire TransAction Corporate Shuttle, Inc., without prejudice.

Decided: December 5, 2022

On October 13, 2022, WeDriveU, Inc. (WeDriveU), filed an application under 49 U.S.C. § 14303 to acquire TransAction Corporate Shuttle, Inc. (TCS), an interstate passenger motor carrier. The Board provided notice that it tentatively approved and authorized this transaction, subject to the filing of opposing comments, by decision served and published in the Federal Register on November 10, 2022 (87 Fed. Reg. 67,990). The notice is scheduled to become effective on December 27, 2022.

By letter filed on November 10, 2022, WeDriveU requests that its application be dismissed without prejudice, on the ground that its acquisition of TCS is unlikely to proceed or be consummated. WeDriveU represents that TCS has consented to its filing of the request to dismiss the application. (Req. 1.)

Because WeDriveU has indicated that it no longer wishes to obtain authority to acquire TCS under these circumstances, the request will be granted. The application will be dismissed without prejudice and this proceeding will be discontinued.

It is ordered:

1. The request to dismiss the application without prejudice is granted, and the proceeding in MCF 21102 is discontinued.
2. This decision is effective on its service date.

By the Board, Board Members Fuchs, Hedlund, Oberman, Primus, and Schultz.
