Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8-27-08

Comments must be submitted by September 30, 2008.

The CN acquisition of EJ&E MUST be turned down! This will greatly impact all collar communities involved in an extreme negative way. These communities are strong residential communities that provide safe havens for so many families. These families provide huge economic benefits to the region. The entire Chicago region will suffer greatly as these strong communities are lost over time. Who wants their children to lose safety? These communities were not built to survive such an impact.
