Environmental Impact Statement

Comment Form

Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/24/08

Comments must be submitted by September 30, 2008:

The proposed acquisition of the E&E rail line by CN is opposed community wide. This proposed acquisition will undermine our safety and cause community wide congestion affecting all of our residents greatly.

My home backs up to this rail line. I am greatly concerned about my neighborhood residents quality of life and even more concerned about the safety of my children. In April of this year, we lost a neighborhood 14-year old boy to the train on E&E, my husband was with the paramedics when he was found. With the proposed increase of train traffic, I fear greatly for all of our childrens safety as they cross back and forth to school and extra-curricular activities.

Please, please do not allow this acquisition.
