Message: I wish to voice my concern regarding the rail line that is to be constructed by CPA. I feel this will impact the wild life, the lagoon, the air quality, and will cause noise and vibrations for our neighborhood.

We all moved out here to be close to the wild life and for the peace and quiet. Our quality of life will be severely impacted if this proposal goes through.

They are stating only 4 trains a week to start but I am sure this will increase greatly as the Port continues to expand.

This is not fair to all on North Merritt Island who will be impacted.

Please Please listen to our concerns and find another alternative.

Kars Park will be ruined, there MUST be another way!

Thanks for your time and consideration.

Heather Bennett
