**Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company**

STB Finance Docket No. 35087

I strongly oppose this CN railway ~~on~~ acquiring EJ & E railway company because our whole community will be ruined. First of all people will not be safe. The ambulances will not be able to get to the hospital fast enough in time to save a person's life. Second of all, people will not be able to go to their basic necessities. Going to the grocery store or any other store will take forever because these trains are going to be ~~at least 20-30 minutes~~ long, going ~~about~~ very slow ~~in the area~~. Traffic will be a nightmare and backed up a long way. This leads to my third comment; people will start moving out of Barrington. People will be getting so tired of waiting forever in traffic that they will literally move to somewhere, where there are no trains causing such problems. This will also impact a money situation. When they build this railroad they will have to build more overpasses, ~~which~~ ^{for each one} which will cost at least 30 million dollars. ^{for each one} Barrington's taxes will be raised dramatically and people will not be happy. I strongly believe in the quote, ~~quote~~ "taxation without representation" and they should too. This is a democracy and people have a right to vote for or against it & I vote AGAINST this!

YOUR INPUT IS IMPORTANT!
