

Environmental Impact Statement

Draft Environmental Impact Statement for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

Date: 8/27/08

I am very concerned about how this purchase will impact all of us tax payers... why should we pay to mitigate? why should US taxpayers pay to help a foreign corporation? They should pay for all of the mitigation! If they make millions of dollars every quarter let them invest their profits. Why should we make CN richer than they already are?

Thank You!
