Subject: RE: Response to Request for Review Extension-Continuing UPRR PIRATE Section 106 Consultation

Hi Glennda

I wanted to follow up on the City of Mesa's request for an extension on the Section 106 review.

While our Historic Preservation Team has had a chance to review the materials sent, because of the holiday season we have not been able to coordinate the schedules of our entire team to review and finalize the comments.

We would again request a **60-day extension** per the attached email. This extension will provide us with the time needed to provide comprehensive comments on this significant project.

Please let us know.

Thank you for your consideration.

WARNING: This email came from an External Sender – Use caution when clicking links, opening attachments, or responding to requests for information.

Dear Mr. Jabjiniak,

On behalf of OEA, thank you for providing your 12/13/2022 request for a review time extension specific to UPRR PIRATE Section 106 consultation review and concurrence regarding a project scope change, the adequacy of the final Class III survey report, the NRHP eligibility reevaluation of AZ U:10:69(ASM) and AZ U:10:275(ASM), a boundary change to an NRHP reevaluation of AZ U:10:152(ASM), and the treatment of unsurveyed areas.

OEA wishes to discuss this request further to better understand any concerns you may have. We are copying Mesa Historic Preservation Office staff Mary Kopaski-Brown, Maura Jackson, and Michelle Dahlke on this correspondence. They are also consulting parties in Section 106 consultation conducted between OEA and the City of Mesa.

Is it possible to schedule a Teams call with your office and Mesa Historic Preservation Office staff on Thursday, December 15 to further discuss? Your time is very much appreciated.

Thank you for your participation in the UPRR PIRATE Section 106 consultation process. We appreciate your continued collaboration.

Thank you,
Glennda Luhnnow
