Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date:

8-27-08

Comments must be submitted by September 30, 2008.

I oppose the CN purchase of EJ&E for several reasons. The impact on our community and other communities would change completely our quality of life. The increased train traffic will be a gridlock in Barrington, cutting off emergency vehicle access and personal access to our town and thru our town. This purchase must be stopped and alternatives must be discussed. The proposal is out of line to suggest that the state government or federal government should pay for any infrastructure impact. That is wrong. CN is responsible solely! Please reconsider this business decision which will affect millions of people and families who have moved to communities with expectations of a small quiet place to raise our children.

YOUR INPUT IS IMPORTANT!
