To whom it may concern,

Thank you so much for inviting me to have my say. I greatly appreciate the courtesy of that. Please compliment you on the way the meeting I attended for the West Chicago Area was presented. It was both professional and informative.

As a member of the Wayne Du Page Hunt I do have concerns for the changes made to the environment. The RR certainly has the resources to safeguard the ecosystem and the watershed in the area of the Pratts Wayne Woods. I ask seriously that these areas in our part of the proposal as well as Barrington and all along the route be safeguarded. We have to live with the results of the RR's routine decisions, I pray that they respect and regard our concerns and suggestions.

Thank you again for soliciting my thoughts on this subject. The government representatives at our meeting were very knowledgeable and helpful in giving information and in answering questions. They also were patient, respectful and polite. Sincerely -
