Message: The Joe Rodota Trail connecting Santa Rosa and Sebastopol is on the abandoned Petaluma and Santa Rosa Railway ROW. The SRSEGW Campaign has been working for 9 years to convert a 2.5 mile abandoned freeway parcel into a linear park with a bike and walking path. Recently the State of California has just designated the abandoned railroad running from Cloverdale to Eureka as the Great Redwood Trail. This will take forever to get acquired and built so longer terms than 3 years of extension will probably be required.
