Draft Environmental Impact Statement for the
Proposed Canadian National Railway Company
Acquisition of the Elgin, Joliet and Eastern Railway
Company

STB Finance Docket No. 35087

Date: 8/27/08

Comments must be submitted by September 30, 2008.

On behalf of my family, I strongly object to the possibility of approval of the acquisition of the EJ&E railroad by CN.

The reasons are numerous and the issues include:

- traffic • water supply • property values*
- safety • business loss • noise + vibration*

Beyond these reasons and issues is the matter of emergency response. We have a child with a life threatening medical condition. Although medical service can reach us, we are unable to get to Advocate Good Shepherd Hospital or Advocate Lutheran General Hospital without crossing the tracks or going miles out of our way - to get there.

Lastly, I object to being asked to foot the bill for the benefit of a foreign, for profit corporation's opportunity to make money. If it's corporate endeavor impacts me and my fellow citizens, it is incumbent on that entity to absorb the costs. It is unreasonable to ask tax payers to pay for infrastructure improvements necessitated exclusively by that for profit entity.
